NEWS & UPDATES

FIRE PREVENTION WEEK, 10/9 - 10/15

This year, Fire Prevention Week takes place from October 9 through October 15. During Fire Prevention Week, everyone should review their home fire escape plans and make sure that you have working smoke and carbon monoxide detectors in your home. Below are some tips:

- **Home fire escape planning and practice:** It is important for everyone to plan and practice a home fire escape. Everyone needs to be prepared in advance, so that they know what to do when the smoke alarm sounds. Given that every home is different, every home fire escape plan will also be different. Have a plan for everyone in the home. Children, older adults, and people with disabilities may need assistance to wake up and get out. Make sure that someone will help them!

- **Smoke alarms:** Smoke alarms sense smoke well before you can, alerting you to danger. Smoke alarms need to be in every bedroom, outside of the sleeping areas (like a hallway), and on each level (including the basement) of your home. Do not put smoke alarms in your kitchen or bathrooms. Choose an alarm that is listed with a testing laboratory, meaning it has met certain standards for protection. For the best protection, use combination smoke and carbon monoxide alarms that are interconnected throughout the home. These can be installed by a qualified electrician, so that when one sounds, they all sound. This ensures you can hear the alarm no matter where in your home the alarm originates. If you need a smoke detector or assistance with creating a home fire escape plan, please reach out to your local fire company or call the Abington Township Fire Marshal's Office at 267-536-1057.

Abington Township Fire Department Open Houses, October 10 through October 14

Come visit the Abington Township Fire Department during Fire Prevention Week at one of our open houses held at each of our five fire stations. Visitors will be able to meet neighbors who volunteer as firefighters with the ATFD, see our equipment and fire trucks, and learn about fire safety and prevention. For our youngest residents, there is always plenty of fun giveaways to reinforce the safety messages that they get from the firefighters they meet. Below is the schedule for the open houses that take place from 6 - 8 PM:

- **Monday, October 10, 2022** - Abington Fire Company
- **Tuesday, October 11, 2022** - McKinley Fire Company
- **Wednesday, October 12, 2022** - Roslyn Fire Company
- **Thursday, October 13, 2022** - Weldon Fire Company
- **Friday, October 14, 2022** - Edge Hill Fire Company

TOWNSHIP OFFICES CLOSED ON 10/10

FREE TREE GIVEAWAY TO ABINGTON RESIDENTS ON 10/22

With generous support from the TC Energy Foundation, the Abington Shade Tree Commission, in partnership with the Willow Grove NAACP, has purchased 300 native trees to give away for free to Abington Township residents to help strengthen our urban canopy.

WHEN: Saturday, October 22, 2022

TIME: 9 AM - 12 PM

LOCATION: Crestmont Park, 2595 Rubicam Ave., Willow Grove, PA 19090

Tree species include Red Sunset Red Maple; Heritage River Birch; Black Tupelo; Black Cherry; White Oak; Swamp White Oak; Flowering Dogwood; American Hornbeam; Redbud; and Pagoda Dogwood. All trees will be available on a first-come first-serve basis, with no pre-registration. Each household may take up to two trees, but if you take two trees, one must be a shade tree.

More information about the event, about each species, and about why you should plant a native tree (or two!) at your home is available at www.abingtonpa.gov/treegiveaway. Questions? Contact stc@abingtonpa.gov.

LEAF COLLECTION BEGINS WEEK OF 10/24

Abington Township Public Works Department will begin its annual leaf pick up the week of October 24, 2022. Leaves should be placed curbside by each Monday of the designated week of pickup. The Department will make every attempt to maintain the schedule, but residents should be prepared for delays due to inclement weather. Conversely, there will be times when the collection runs smoothly thereby enabling a jump start on the next area. If this is the case, the vacuum machines will return on Monday for the scheduled collection. To find your collection area, please use the map above or [visit this page](#).

VISION2035, ABINGTON'S COMPREHENSIVE PLAN UPDATE

The comprehensive plan is a document that guides future initiatives, policies, projects and growth within the Township including land use, transportation of people and goods, housing, township facilities and utilities, and natural and historical resources and is enabled under the Pennsylvania Municipalities Planning Code, Act of 1968. Your participation is critical in helping develop the plan and ensuring it is reflective of our community's needs and wants; not only for the Township as a whole but the individual communities that comprise it. Explore the Vision2035 webpage, an update to the Township's Comprehensive Plan, at www.abingtonpa.gov/vision2035.

There are several ways to participate and stay engaged in the development of the plan:

- Attend a Comprehensive Plan Development Team (CPDT) meeting
 - **Meeting: [October 25 at 6 PM](#)**
 - Please note, this is the **final** meeting of the CPDT.
- Submit a question or comment by clicking here or emailing vision2035@abingtonpa.gov

REMINDER FROM OUR WASTEWATER DEPARTMENT

Sanitary sewer pipes are sized for water flow. Prevent clogs by placing any foreign object in the trash and not in the toilet or down a drain. These items easily clog the pipes and may cause a backup into your basement or first floor sinks and toilets or even your neighbors. Please respect your neighbors by not flushing these objects into the sewers to prevent blockages in the sewer mains. Most common sources of clogs include:

- Cleaning or baby wipes
 - Although the package says the wipes are flushable, they often cause blockages by clogging your

home's main drain pipe which is only 3" or 4" in diameter. Please throw all wipes in the trash.

- Paper towels, rags or cloths
 - Many cloths are made to be durable and often do not breakdown easily resulting in blockages. On the contrary, toilet paper is designed to quickly break down and dissolve into very small shreds so it can easily flow through a pipe. Please throw all paper towels, rags or cloths in the trash.
- Garbage from kitchen disposal
 - Items such as coffee grounds and seeds will not degrade in a sewer pipe and will collect and fill the bottom of the pipe, eventually creating a blockage. Please throw away or compost food rather than putting it down the garbage disposal.
- Cooking oils and grease
 - Even though the oils may be hot and some garbage disposal instructions say to run hot water, the oils will quickly cool and form a gel in the sewer pipes. Over time the gel gets thicker and thicker and will eventually create a blockage. Please throw away cooled oils in the trash.
- Plastic items
 - Plastic should not be flushed down the drain as it creates a blockage. Please throw away all plastic.

REMEMBER: Once something is put into a drain and sewer it is very difficult and very expensive to remove it later, especially when your drains are not draining at all and you have an emergency! In an emergency, it is recommended to ask a plumber to power flush the pipes, which thoroughly cleans them, rather than just snaking or cabling the sewer.

SPOTLIGHT

ABINGTON TOWNSHIP FIRE DEPARTMENT

The all-volunteer Abington Township Fire Department (ATFD) has served our township from five individual fire companies for more than 100 years – Abington Fire Company (founded 1889), McKinley Fire Company (founded 1906), Weldon Fire Company (founded 1904), Edge Hill Fire Company (founded 1908), and Roslyn Fire Company (founded 1922). Our ATFD Firefighters may be volunteers, but they are well-trained professional firefighters whose mission is to provide excellent fire, rescue, fire prevention, and public education services to ensure the health, safety, and welfare of the community. The ATFD is accredited by the Center for Public Safety Excellence (CPSE) and is the only all-volunteer fire department in the United States to hold this distinction. Worldwide there are only 301 fire departments accredited by CPSE, and across the United States, only 12% of the population are protected by an accredited fire department. This is a credit to every volunteer who gives their time to the ATFD to protect the residents and businesses of Abington Township every day of the year. In 2021, the volunteers of the ATFD responded to 1,773 calls for service, seventeen of which were serious working structure fires. Our volunteers spent a combined 8,401 hours on location at these emergency incidents at all hours of the day or night, in all weather conditions, on weekends and holidays. Additionally, these same volunteers spent a combined total of 6,572 hours in training during 2021 to ensure that they were ready to respond to any incident that may present itself in Abington Township. Finally, our volunteers spent 7,030 hours administering the daily business of the fire companies, attending community events, conducting public education and maintaining the fire stations, equipment, and apparatus. This amounts to a combined total of 22,004 hours of service donated by the volunteers of the ATFD to the residents of Abington Township in 2021. The volunteers of the ATFD save the taxpayers of Abington Township millions of dollars every year over the cost of a full-time career fire department which is normal for communities of our size in most other parts of the United States.
