

EASTON ROAD CLOSURE & BRIDGE REHABILITATION

MUNICIPALITY: Abington and Cheltenham townships, Montgomery County

PROJECT NEED: Over the course of six weeks **beginning Monday, July 7th**, SEPTA's third-party contractor will make structural repairs to **SEPTA's bridge over Easton Road**, including concrete repairs to the abutment walls, center pier support and bridge superstructure. The contractor has already completed waterproofing of the bridge superstructure as well as partial platform replacement and repairs at Glenside Station.

All work is part of SEPTA's continuing efforts to bring its bridge structures into a state of good repair.

ROAD CLOSURES/DETOURS: Easton Road, between **Mount Carmel Avenue** and **Glenside Avenue**, will be **closed Monday, July 7th through Friday, August 15th**. Motorists will be directed to use Mount Carmel Avenue, Keswick Avenue and Glenside Avenue.

Vehicles over 13 feet will be **directed to follow the truck detour:** Rices Mill Road, Glenside Avenue, Limekiln Pike and Mount Carmel Avenue.

Access to local businesses and residences will be maintained throughout the road closures/detours.

PEDESTRIAN ACCESS: At least one sidewalk will always be open to allow pedestrians to move along Easton Road between Mount Carmel and Glenside Avenue. Efforts will also be made to allow pedestrian access to platform stairs at Glenside Station. When it is not feasible to maintain the connection between Inbound and Outbound stairs, a pedestrian detour will be in place.

WORK HOURS: SEPTA's third-party contractor will be working **Monday through Saturday** during the six weeks, with **shifts beginning at 7 am and ending at 7 pm**. While these hours may vary, there will be **no nighttime or overnight work**.

Typical construction noise can be expected during the project. Work includes hammering and cutting for demolition of concrete. Demoed areas will be prepped, have rebar installed, formed and new concrete patches placed. Equipment and trucks will be on-site to load and haul demoed materials away.

TRAIN SERVICE: The project will have no impact on train service. All lines will operate as normal through Glenside Station.

SEPTA greatly appreciates your patience and understanding while this important construction project is completed.
